Significant Places to Visit:

Paris

Paris, a major European city and the capital of France is a global centre for art, fashion, gastronomy, and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Embellished by landmarks such as the Eiffel Tower and the 12th-century, Gothic Notre-Dame cathedral, the city is known as a major tourist attraction.

When Srila Prabhupada arrived at the Paris airport he was welcomed with flower garlands and there were a lot of devotees. He was honoured by one of the city officials in Paris. The beautiful presiding Deities of the temple, Sri Radha Paris-*ishvara*, were installed by him.

Eiffel Tower

Built by Gustave Eiffel, this tower has become a global cultural icon of France and one of the most recognisable structures in the world. The Eiffel Tower is the most-visited paid monument in the world.

Louvre Museum

It presents western work of arts from the middle ages to 1848 and the influence of Islamic art. Discover the incredible architecture and some classic masterpieces like Mona Lisa by Leonard da Vinci and more of such Louvre master pièces. The Mona Lisa, Venus de Milo and Winged Victory are the three marquee names, but there are 35,000 artistic treasures inside, so block out plenty of time in your day for your visit!

ISKCON, New Mayapur in France

Located in a castle, ISKCON, New Mayapur is a three-hour drive away from the city of Paris. The Deities of this temple are Their Lordships Krishna Balaram, Radha Govinda Madhava and Gaur Nitai. This temple is completely surrounded by greenery and was acquired by disciples of Srila Prabhupada in 1971.

Colosseum

Located just east of the Roman Forum, it is the largest amphitheatre ever built. Although partially ruined due to damage caused by earthquakes and stone-robbers, the Colosseum is still an iconic symbol of Rome. It is one of Italy's most popular tourist attractions.

Rome, Italy

Rome, Italy's capital, is a flourishing city with nearly 3,000 years of globally influential art, architecture and culture on display. On this tour, you can visit this ethereal capital, which has layers of history in the form of classical ruins, early places of worship, ancient fountains and renaissance palazzos. This place has a dramatic backdrop. Make a trip to the Vatican Museums, Sistine Chapel – to see Michelangelo's 'The Creation of Adam' ceiling fresco and St Peter's Basilica.

Srila Prabhupada liked the weather there. All the neighbours on the small street where the temple was located, would come every morning, knowing the exact time when Srila Prabhupada would go for his daily morning walk. They would be standing in line, ready to offer him freshly picked flowers from their gardens. Some would offer him fruits as well. Their respectful demeanour impressed Srila Prabhupada very much. Speaking fondly about the Italians, Srila Prabhupada said, "They are religious by nature. They desire the blessings of God, and it is up to us as devotees to teach them how to become qualified to get those blessings."

Radhadesh, Belgium

Radhadesh, Belgium

Radhadesh is a beautiful community of spirituality located on the hills in the Ardennes of Belgium. Among the rolling hills of the Belgian Ardennes the 'Château de Petite Somme is rare combination of European neo-gothic decor and ancient Eastern culture. Unique experience..

Hare Krishna Temple, Zurich

This Krishna Community in Zurich is centrally located. It provides Krishna devotees an opportunity to build a large community for practicing Krishna Consciousness. Visit the temple and experience practical devotional service and relish some delectable *prasadam!*

In the temple in Switzerland, Srila Prabhupada once gave a class, and he was describing how we should create a very nice *simhasana* (throne) in our heart and invite Krishna there and it should be as beautiful as we can. It can be in gold, it can be in jewels, diamond, and we should seat Him there and worship Him.
